PROFILE SUMMARY

Results-driven Data and Analytics Manager with over three years of experience leading high-impact analytics projects, specializing in Supply Chain and Finance solutions that drive business insights and operational efficiency. Skilled in managing and developing teams, fostering stakeholder relationships, and delivering strategic project outcomes. Proven track record in implementing scalable analytical solutions and process optimizations, with expertise in Power BI, automated reporting, and cross-functional collaboration. Recognized for technical acumen, adept in proposal development, recruitment, and team-building, with hands-on experience in cloud computing and programmable logic controller (PLC) applications. Committed to leveraging data-driven insights to enhance client satisfaction and achieve business growth.

PROFESSIONAL EXPERIENCE

Thorogood – Bangalore Urban, Karnataka, India

Jun 2023 – Jun 2024

Manager – Data and Analytics Consultant

- Led a team of five junior consultants, ranking their professional development, aligning individual performance with organizational objectives, and maintaining strong stakeholder relationships to enhance satisfaction.
- Acted as offshore lead for a high-profile global client project, developing automated tracking systems and Power BI reports to monitor key metrics such as profit and loss, inventory levels, and forecast accuracy.
- Played a key role in quarterly planning and budgeting processes, aiding in objective setting and career development planning for junior team members.

Thorogood – Bangalore Urban, Karnataka, India

Dec 2020 – Jun 2023

Data and Analytics Consultant

- Designed and executed scalable, cost-effective analytical solutions tailored to Supply Chain and Finance needs, driving actionable insights that optimized client decision-making and operational efficiency.
- Played a pivotal role in international marketing events, actively engaging industry professionals and potential clients to present service capabilities and strategically generate business growth opportunities.
- Demonstrated strong leadership in proposal development, expertly crafting client-focused solutions; spearheaded recruitment initiatives, skillfully conducting interviews for diverse roles across entry-level to senior positions, ensuring alignment with organizational needs.
- Spearheaded the planning and coordination of TownHall meetings, orchestrating both local and global seminars in Bangalore, effectively uniting cross-functional teams to foster organizational alignment and collaboration.

Bosch Rexroth – India

Jul 2019 – Aug 2019

Intern

- Implemented an application to streamline employee connectivity with Programmable Logic Controller (PLC) devices, improving access to critical data and configuration details.
- Increased team-wide data-sharing efficiency by establishing seamless information transfer pathways from PLC devices across diverse communication channels.
- Optimized team collaboration by automating log detail retrieval and system configuration access, boosting operational transparency and communication flow.

EDUCATION

Master of Science in Business Analytics (MSBA) | *University of Massachusetts, Boston*

Sep 2024 – Present

- **Specialization:** Supply Chain Management.

CGPA – 4.0

Bachelor of Engineering (B.E.) in Electrical and Electronics Engineering | *RV College of Engineering*

2017 – 2020

CERTIFICATION

- Microsoft Certified: Power BI Data Analyst Associate

Sep 2022 – Sep 2023

ACHIEVEMENT

Supply Chain Project - Passion Award

Oct 2022

- **Awarded the Passion Award** for leading the development and deployment of an automated end-to-end system that delivered real-time insights across all supply chain streams, enhancing client operations and efficiency.

Best Outgoing Major Project

2019

- Awarded Best Outgoing Major Project for the 8th-semester project with the highest SGPA in the department (9.87).
